Operates on 28V AC or DC

Light weight plastic construction

Standard light cream or black color

Custom colors available

Spring clips for simple snap-in installation

Part Number

AL5145-1

AL5145-21

Color

Light Cream

Black

Area light AL5145 is designed for installation in closets, drawers, seats, toe-kicks, or any area requiring illumination. The area light utilizes long life and high quality Nichia® LEDs to provide superior operating performance for aircraft applications. A prism design incorporated into the lens enhances the light disbursement from the high output LEDs. Stainless steel mounting clips are utilized for installation of the area light in a wider range of panel thicknesses.
