

Product Description

Black anodized aluminum housing

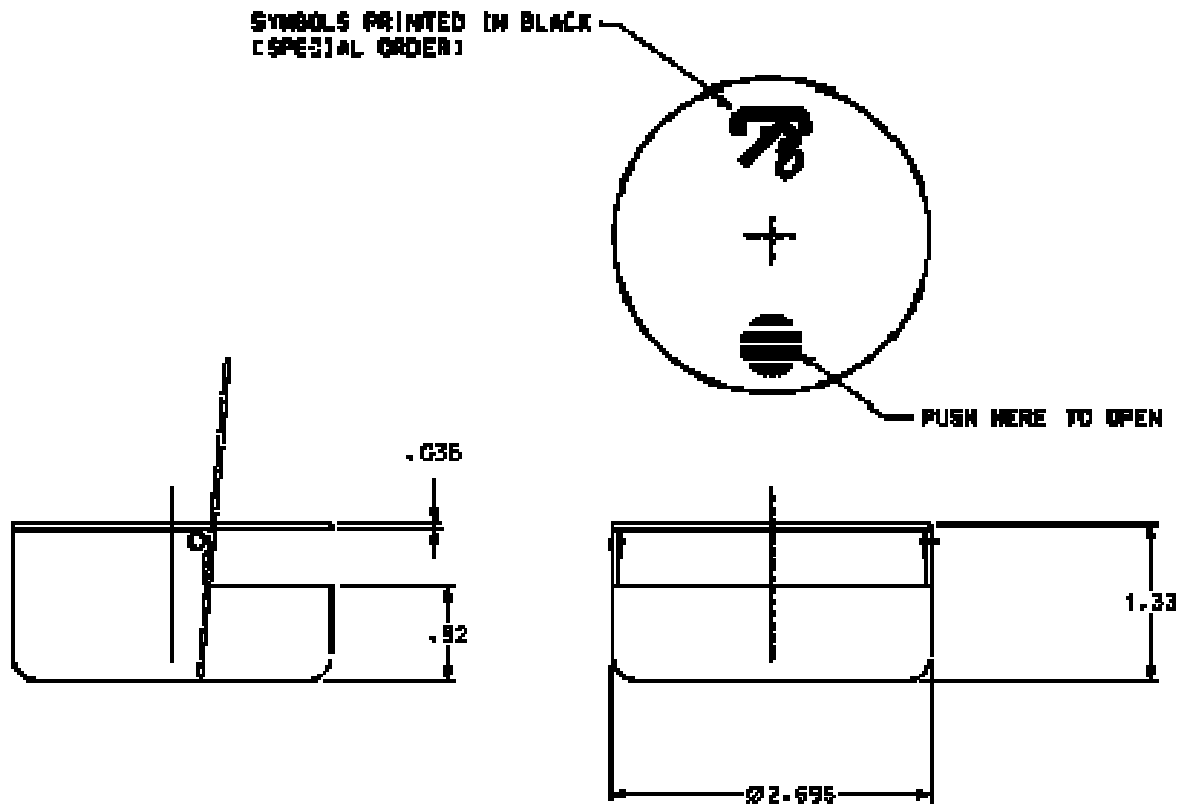

Stainless steel cover

Top rotates 90 degrees

Easy drop-in installation

Designed for installation in cup holder

Custom plated finishes available for cover

The ash tray AT3700 is an accessory designed to drop into a cup holder. It consists of a black anodized aluminum housing with a durable stainless steel cover. The ash tray is easy to install and use with its simple and sleek rotating pin design for the cover. With the cover able to rotate 90 degrees it makes storing ash clean and easy. Optional custom plated finishes are available for the stainless steel cover.
